Exhibit II: Scoring Guidelines for the Competitive Program

I. Median Income Standard

Section 1291.3(a)(1) of the Regulations requires the Bank to adopt one or more applicable median income standards. Accordingly, the median income guidelines published annually by the U.S. Department of Housing and Urban Development are adopted as the income standard used by the Bank. Projects that serve households that are eligible for assistance from a Tribally Designated Housing Entity may use the greater of the HUD or Native American Housing Assistance and Self Determination Act (NAHASDA) income guidelines. Such income guidelines are posted on the Bank's Community Investment website at www.fhlbc.com.

II. Requirements for the Bank's Competitive Program

A. Funding Periods and Application Process

1. In 2017 there will be a single funding round. The application deadline is 5:00 p.m. (CT) on June 16, 2017.
2. The Bank will accept applications for AHP subsidies under its Competitive Program only from institutions that are members of the Bank at the time the application is submitted to the Bank, and will award subsidies only to institutions that are members of the Bank at time of award approval.
3. Competitive Program applications must contain information sufficient for the Bank to:
 - a. Determine that the proposed AHP project meets the eligibility requirements pursuant to Sections II.B and II.C below; and
 - b. Evaluate the application pursuant to the Scoring Guidelines, attached hereto as Exhibit II.

B. Regulatory Minimum Eligibility Requirements

Projects receiving AHP subsidies pursuant to the Competitive Program must meet the following regulatory eligibility requirements:

1. *Owner-occupied or rental housing*
The AHP subsidy must be used exclusively for:
 - a. Owner-occupied housing. The purchase, construction, or rehabilitation of an owner-occupied project by or for very low-income, low-, or moderate-income households. A household must have an income meeting the income targeting commitments in the approved AHP application at the time it is qualified by the project sponsor for participation in such project. For additional information regarding acceptable timeframes for documentation used for sponsor qualification of household income, see the Bank's Disbursement Policy.

- b. Rental housing. The purchase, construction, or rehabilitation of a rental project, where at least 20 percent of the units in such project are occupied by, and affordable for, very low-income households. A household must have an income meeting the income-targeting commitments in the approved AHP application upon initial occupancy of the rental unit, or for projects involving the purchase or rehabilitation of rental housing that already is occupied, at the time the application for AHP subsidy is submitted to the Bank for approval.

2. *Need for subsidy*

A project's estimated uses of funds must equal its estimated sources of funds, as reflected in such project's development budget. The difference between a project's sources of funds and uses of funds is the maximum amount of AHP subsidy such project may receive.

A project's sources of funds must include:

- a. Cash contributions by the sponsor, any funds from sources other than the sponsor, and estimates of funds the sponsor has obtained, or intends to obtain, from other sources, but which have not yet been committed to such project.
- b. In the case of owner-occupied projects where the sponsor extends permanent financing to the homebuyer, the sponsor's cash contribution must include the present value of any payments the sponsor is to receive from the buyer, including any cash down payment from the buyer, plus the present value of any purchase note the sponsor holds on the unit. If the note carries a market interest rate commensurate with the credit quality of the buyer, the present value of the note equals the face value of the note. If the note carries an interest rate below the market rate, the present value of the note must be determined using the market rate to discount the cash flows.
- c. Estimates of the market value of in-kind donations, volunteer professional labor and services, and sweat equity committed to the project should not be included as a source of funds.

3. *Project costs*

- a. A project's cash uses are the actual outlay of cash needed to pay for materials, labor, and acquisition or other costs of completing such project. Cash costs do not include in-kind donations, voluntary professional labor or services, or sweat equity. Non-cash costs should not be included as a use of funds.
- b. Taking into consideration the geographic location of a project, development conditions, and other non-financial project characteristics, the Bank will determine whether a project's costs, as reflected in such project's development budget, are reasonable in accordance with the

Bank's project cost guidelines, as set forth in the Bank's Project Feasibility and Cost Guidelines, attached hereto as Exhibit I.

- c. The purchase price of property or services, as reflected in the project's development budget, sold to the project by a member providing the AHP subsidy to the project, or, in the case of property upon which such member holds a mortgage or lien, may not exceed the market value of such property or services as of the date the purchase price was agreed upon. In the case of "real estate owned property" sold to a project by a member providing an AHP subsidy to such project, or property sold to the project upon which the member holds a mortgage or lien, the market value of such property is deemed to be the "as-is" or "as-rehabilitated" value of such property, whichever is appropriate, as reflected in an independent appraisal of such property performed by a state certified appraiser or licensed appraiser, as defined in 12 C.F.R. 564.2(j) and (k) respectively, within six months prior to the date the Bank disburses the AHP subsidy to a project. "As-rehabilitated" is defined as the prospective value of a property after all construction has been completed. This value reflects all expenditures for lease-up and occupancy that may be expected to have occurred at that point in time, which may or may not put the property at stabilized value.

4. *Project feasibility*

- a. Developmental feasibility. A project must be likely to be completed and occupied, based on relevant factors, as set forth in the Bank's Project Feasibility and Cost Guidelines, attached hereto as Exhibit I, including, but not limited to, the development budget, market analysis, project timeline, and the project sponsor's experience in providing the requested assistance to households.
- b. Operational feasibility of rental projects. A rental project must be able to operate in a financially sound manner, and in accordance with the Bank's Project Feasibility and Cost Guidelines, attached hereto as Exhibit I, as projected in the project's operating *pro forma*.
- c. The Bank will evaluate the developmental, operational and financial feasibility of a project and the need for AHP subsidy, as required by the Regulations, using the Project Feasibility and Cost Guidelines, attached hereto as Exhibit I.

5. *Financing costs*

The rate of interest, points, fees, and any other charges for all loans that are made for the project in conjunction with the AHP subsidy must not exceed a reasonable market rate of interest, points, fees, and other charges for loans of similar maturity, terms, and risk.

6. *Timing of AHP subsidy use*

At the time of application, the AHP subsidy must be likely to be drawn down by the project or used by the project to procure other financing commitments within 12 months of the date of approval of the application for AHP subsidy.

7. *Counseling costs*

AHP subsidies may be used to pay for counseling costs only where such costs are incurred in connection with counseling of homebuyers who actually purchase an AHP-assisted unit, and the cost of counseling has not been covered by another funding source, including the member.

8. *Refinancing*

A project may use an AHP subsidy to refinance an existing single-family or multi-family mortgage loan, provided that the refinancing produces equity proceeds, and such equity proceeds up to the amount of the AHP subsidy in such project must be used only for the purchase, construction, or rehabilitation of housing units meeting the applicable eligibility requirements of Section II.B of this Plan.

9. *Retention*

- a. Owner-occupied units will be subject to a five (5) year retention agreement, as described in Section IV of this Plan.
- b. Rental projects will be subject to a fifteen (15) year retention agreement, as described in Section IV of this Plan.

10. *Project sponsor qualifications*

- a. Sponsor is defined as a not-for-profit or for-profit organization or public entity that (1) has an ownership interest in a rental project, or (2) is integrally involved in an owner-occupied project.
 1. Rental project: For purposes of the definition of sponsor, “ownership interest” means that (i) the sponsor is the owner of the rental project, or (ii) the sponsor has an ownership interest (including any partnership interest) in the entity that is the owner of the rental project.
 2. Owner-occupied projects: For purposes of the definition of sponsor, “integrally involved” means the sponsor (i) manages the construction or rehabilitation of 100% of the units, or (ii) qualifies borrowers and provides or arranges financing for the owners of the owner-occupied units.
 3. A project's sponsor must be qualified and able to perform its responsibilities as committed to in the application for an AHP subsidy.

11. *Fair housing*

A project, as proposed, must comply with applicable federal and state laws on fair housing and housing accessibility including, but not limited to, the Fair Housing Act, the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and the Architectural Barriers Act of 1969, and the project must demonstrate how such project will be affirmatively marketed.

12. *Calculation of AHP subsidy*

- a. Where an AHP direct subsidy is provided to a project to write down the interest rate on a loan extended by a member, sponsor, or other party to a project, the net present value of the interest foregone from making the loan below the lender's market interest rate must be calculated as of the date the application for the AHP subsidy is submitted to the Bank, and subject to adjustment under section 1291.5(g)(4) of the Regulations.
- b. Where an AHP subsidized advance is provided to a project, the net present value of the interest revenue foregone from making a subsidized advance at a rate below the Bank's cost of funds must be determined as of the earlier of the date of disbursement of the subsidized advance or the date prior to disbursement on which the Bank first manages the funding to support the subsidized advance through its asset/liability management system, or otherwise.

13. *District eligibility requirements*

Pursuant to section 1291.5(c)(15)(i) of the Regulations, the Bank has adopted the following district eligibility requirements:

- a. The Bank will limit the amount of subsidy a member applicant may apply for to a maximum of 25% of the subsidy announced for each application period. The limit will be calculated using the following parameters: 1) the order in which applications are in "Member Approved" status in AHP Online, and 2) for applications with member consortiums, 100% of the requested subsidy will be applied toward the 25% limit of each member applicant.
- b. The Bank will limit the amount of subsidy per project to \$750,000 or 75% of the total project costs, whichever is less.

14. *Eligible and Ineligible uses of AHP subsidies*

For information regarding eligible and ineligible uses of AHP Subsidy, see the FHLBC's Eligible and Ineligible Uses of AHP Subsidy Policy.

The Bank may limit or deny funds for projects submitted to more than one Federal Home Loan Bank if such projects are the same or substantially similar.

The Bank has not adopted, and does not have a program for, revolving loan funds or loan pools.

C. Scoring Guidelines

The Bank's scoring system is described in detail in the Scoring Guidelines, attached hereto as Exhibit II.

D. Approval of AHP Applications

The applications receiving the highest overall scores will be reviewed by the Bank's Community Investment Officer and presented to the Bank's President. Those applications will then be recommended to the Affordable Housing Committee of the Bank's Board of Directors for award approval. Such Committee will approve applications for AHP subsidy in descending order starting with the highest scoring application until the total subsidy amount for the particular funding round, except for any amount insufficient to fund the next highest scoring application, has been allocated. The next four highest scoring applications will be recommended for approval as alternates, and within six months of approval, the Bank may fund such alternates if any previously committed AHP subsidies become available.

E. AHP Applications: Post Approval

1. *Project Changes*

An AHP Project is approved based on the information provided in the Application. The FHLBC must be notified of any proposed changes to the AHP Project.

For information regarding changes to an approved AHP Project see the FHLBC's Project Change Policy.

2. *Disbursements of AHP Subsidy*

Following Application approval, AHP Projects may request disbursement of the AHP Subsidy as set forth in the FHLBC's Disbursement Policy.

3. *Monitoring AHP Projects*

Following Application approval, AHP Projects will be subject to FHLBC monitoring. For additional information regarding the monitoring of AHP Projects, see the FHLBC's Monitoring Policy.

4. *Non-Compliant AHP Projects*

Following Application approval, AHP Projects will be monitored to determine compliance with the AHP Regulations, the Subsidy Agreement, the Retention Agreement, the AHP Implementation Plan for the applicable Funding Round under which the AHP Project was approved and FHLBC policies and procedures. For additional information on the areas for which the Bank may determine there is non-compliance, the remedies available for resolution of non-compliance and the implication of non-compliance, see the FHLBC's Non-Compliance Policy.

III. Requirements for the Bank's Set-Aside Program

A. Establishment of Set-Aside Program

The Bank's Set-Aside Program will consist of two funding pools: a general pool (referred to as Downpayment Plus[®] or DPP[®]) and a restricted pool (referred to as Downpayment Plus Advantage[®] or DPP Advantage[®].) In 2017, the Bank will allocate up to the greater of \$4.5 million or 35% of its annual required AHP contribution to the Set-Aside Program. At least one-third of the Bank's aggregate set-aside allocation will assist first-time homebuyers, as required in section 1291.2(b)(2) of the Regulations.

Members participating in DPP may access set-aside subsidies on behalf of eligible homebuyers or homeowners to whom they are providing first mortgages. Members participating in DPP Advantage may access set-aside subsidies on behalf of eligible homebuyers with first mortgage financing from a not-for-profit organization.

Unless otherwise noted, eligibility, funding, and monitoring requirements set forth below for the Set-Aside Program apply to both DPP and DPP Advantage.

B. Eligible Applicants – Member Enrollment

The Bank may only accept applications (i.e., Program Agreements) for its Set-Aside Program from institutions that are members of the Bank at the time of the member's submission of its application.

C. Minimum Eligibility Requirements

The Bank's Set-Aside Program eligibility requirements include the following:

1. Member allocation criteria

The Bank will accept reservations after the allocation for the program year has been announced to the Bank's members and any member seeking to reserve funds in the program has executed a Program Agreement. The Bank will verify that the institution is a member at the time of program enrollment and at reservation and is not restricted from utilizing Community Investment programs. Funds will be available on a first-come, first-served basis, until the member limit has been reached or the program funds have been fully reserved, whichever occurs first.

The member limit for DPP is \$420,000 for the 2017 program year. There is no member limit for DPP Advantage funds. Program utilization will be monitored throughout the year, and if Bank management determines that the funds allocated to the Set-Aside Program are not likely to be reserved prior to program year-end, the Community Investment Officer, based on an evaluation of needed down payment assistance within the Seventh District, is authorized to increase the member limit to up to \$800,000, effective on or after August 1, 2017. The Community Investment Officer will inform the Affordable Housing

Committee of the Board of Directors, and the Bank will notify participating members, of any such change to the member limit for 2017.

2. *Eligible households*

Members must ensure the following requirements are satisfied:

- a. Subject to the Bank's review and approval, the member will determine that the household's income does not exceed 80% of the median income for the area in which the property is located (as set forth in the AHP and DPP Income Calculation Guidelines and DPP Program Guide) and will apply to the Bank for a reservation of funding for the homebuyer. The date on which the member determines that the household is income eligible for DPP assistance based on the income documents submitted to the Bank will be deemed the enrollment date.
- b. All households using the set-aside subsidy must complete a homebuyer education program. The homebuyer education program must include a financial literacy component, and must provide information alerting borrowers to practices characteristic of predatory and sub-prime lending. The program must be provided by an organization experienced in homebuyer or homeowner counseling.
- c. A minimum of one-third of households accessing set-aside funds must be first-time homebuyers, pursuant to the first-time homebuyer requirement in section 1291.2(b)(2) of the Regulations. A first-time homebuyer is defined by the Bank as a household meeting any one of the following criteria:
 - i. An unmarried individual, or an individual and his or her spouse, who has/have not owned a home during the three-year period prior to the date of purchase of a home with AHP assistance.
 - ii. A divorced, legally separated, or widowed individual who has only owned with a (former) spouse.
 - iii. An unmarried individual, or an individual and his or her spouse, who has/have only owned a property that was not in compliance with state, local, or model building codes, and which cannot be brought into compliance for less than the cost of constructing a permanent structure.
- d. Households may only receive a set-aside subsidy once every five (5) years.

3. *Maximum grant amount*

- a. Grants to households cannot exceed \$6,000, except as provided below.
- b. For DPP, homebuyers must contribute a minimum of \$1,000 toward the purchase of the home. The maximum grant amount is the lesser of a 3:1 match of the homebuyer's contribution, \$6,000, or 25% of the first mortgage amount.

- c. For DPP Advantage, there is no homebuyer contribution or matching requirement. The grant amount is the lesser of 25% of the first mortgage amount or \$6,000.
 - d. Program utilization will be monitored throughout the year, and if Bank management determines that the funds allocated to the Set-Aside Program are not likely to be reserved prior to year-end, the Community Investment Officer, based on an evaluation of needed down payment assistance within the Seventh District, is authorized to increase the maximum grant amount per household to up to \$12,000, effective on or after August 1, 2017, for either DPP, DPP Advantage, or both. The minimum borrower contribution shall remain \$1,000 for DPP; however, the Community Investment Officer is authorized to adjust or eliminate the matching requirement.
 - e. At any time during the year, the Community Investment Officer will have the discretion to allow a maximum grant amount per household of up to \$15,000, as well as other concessions or exceptions, as permitted by the Regulations, for grants made through the Set-Aside Program as part of any program implemented by the Bank to provide disaster relief, as authorized by the Bank's Board of Directors and announced on the Bank's public website. The Community Investment Officer will inform the Affordable Housing Committee of the Board of Directors and the Bank will notify participating members, of any such change to the maximum grant amount per household for 2017.
4. *Eligible uses of AHP direct subsidy*
Households must use the subsidy to pay for down payment, closing costs, counseling, or rehabilitation assistance in connection with the household's purchase or rehabilitation of an owner-occupied unit, including a condominium or cooperative housing unit or manufactured housing, to be used as the household's primary residence.
5. *Retention Agreement*
An owner-occupied unit purchased or rehabilitated using set-aside funds will be subject to a five- (5) year retention agreement per Section IV of this Plan.
6. *Financing costs*
The rate of interest, points, fees, and any other charges for loans made to households using the set-aside subsidy for purchase or rehabilitation must not exceed a reasonable market rate of interest, points, fees, and other charges for loans of similar maturity, terms, and risk.
7. *Counseling costs*
Set-aside funds may be used to pay for counseling costs only where the costs are incurred in connection with counseling of homebuyers who actually purchase an AHP-assisted unit, and the cost has not been covered by another funding source, including the member. Counseling costs reimbursed by the set-aside funds may not exceed \$700 per household. Set-aside funds may not

be used to pay for homebuyer or homeowner counseling provided by the member.

8. *Cash back to household*

A member may provide cash back to a household at closing on the mortgage loan in an amount not exceeding \$250. The member must use any set-aside subsidy exceeding such amount that is beyond what is needed at closing for closing costs and the approved mortgage amount as a credit to reduce the principal of the mortgage loan or as a credit toward the household's monthly payments on the mortgage loan.

D. Procedure for Funding Set-Aside Subsidies

1. *Reservation of set-aside subsidies*

The Bank will accept reservations after the allocation for the program year has been announced to the Bank's members and any member seeking to reserve funds in the program has executed a Program Agreement. The member will determine household eligibility subject to the Bank's review and approval and will apply to the Bank for a reservation of funding for the homebuyer. Funds will be available on a first-come, first-served basis, until the member limit has been reached or the program funds have been fully reserved, whichever occurs first.

2. *Progress toward use of set-aside subsidies*

The Bank requires its set-aside funds to be reserved by the end of the first quarter of the year following the allocation year. While allocated funds are still available, the reserved amount of any cancelled reservations will be returned to the set-aside program in which it was originally reserved.

3. *Disbursement of Set-Aside Subsidies*

- a. Members accessing DPP set-aside funds for purchase or rehabilitation must fund or originate the first mortgage. The first mortgage may be funded or originated by a subsidiary of the member provided the member has greater than 50% ownership interest in the subsidiary, or by a subsidiary of the member's parent company provided the parent company has greater than 50% ownership interest in the subsidiary. The first mortgage may also be funded or originated by a member's parent company if the parent company has greater than 50% ownership interest in the member.
- b. At closing, the member will disburse its own funds and submit loan documentation and verification of eligibility to the Bank for review and reimbursement to the member. The Bank will:
 - i. Verify that the requesting institution is a member at the time of disbursement;
 - ii. Verify that the requesting institution is not restricted from utilizing Community Investment programs;

- iii. Verify that there is an executed Program Agreement between the Bank and the member, pursuant to the Regulations; and
 - iv. Review each loan for certification of eligibility pursuant to the Regulations prior to member reimbursement.
- c. The member will be required to assume the liability for any:
- i. Subsidies made to an ineligible household, or
 - ii. Subsidies used for an ineligible purpose.

E. Monitoring Policies for Set-Aside Program

1. The Bank will require the member to certify, prior to each disbursement for each set-aside transaction, that:
 - a. The set-aside subsidy was provided to a household meeting all applicable eligibility requirements of section 1291.6(c) of the Regulations and the Bank's Set-Aside Program policies; and
 - b. All other applicable eligibility requirements in section 1291.6 of the Regulations and the Bank's Set-Aside Program policies are met.
2. The Bank will require the member to maintain, for the Bank's review, any documentation necessary for the Bank to determine whether assisted households meet all applicable eligibility requirements of section 1291.6(c) of the Regulations and the Bank's Set-Aside Program policies, including that the AHP-assisted units are subject to the retention agreements.
3. The Bank will review certifications provided by the member for each set-aside transaction prior to disbursement of the set-aside subsidy.

IV. Retention Agreement Requirements

A. Retention Agreements

The Bank will require retention agreements for its Competitive and Set-Aside Programs consistent with the requirements of section 1291.9(a)(7) and (a)(8) of the Regulations ("the Retention Vehicle").

1. Rental projects

For rental projects, members are required to execute and record a Retention Vehicle that enumerates the requirements of section 1291.9(a)(8) of the Regulations including:

- a. The rental units, or applicable portion thereof, must remain occupied by, and affordable for, households with incomes at or below the levels committed to be served in the approved AHP application for the duration of the retention period;

- b. The Bank or its designee is to be given notice of any sale or refinancing of the project occurring prior to the end of the retention period;
- c. In the case of a sale or refinancing of the project prior to the end of the retention period, the full amount of the direct subsidy received by the owner must be repaid to the Bank, unless (i) the project continues to be subject, for the duration of the retention period, to a deed restriction or other legally enforceable retention agreement or mechanism incorporating the income-eligibility and affordability restrictions committed to in the approved AHP application, or (ii) if authorized by the Bank, in its discretion, the households are relocated, due to the exercise of eminent domain, or for the expansion of housing or services, to another property that is made subject, for the remainder of the retention period, to a deed restriction or other legally enforceable retention agreement or mechanism incorporating the income-eligibility and affordability restrictions committed to in the approved AHP application; and
- d. The income-eligibility and affordability restrictions applicable to the project terminate after any foreclosure.

Members are further required to ensure the Retention Vehicle is enforceable under applicable law, is in the proper form for recording under applicable law, and is properly recorded. The Bank has provided its preferred forms of Retention Vehicle on its website at www.fhlbc.com.

Members are also required to secure the subsidy for rental projects via a mortgage or other appropriate real property security instrument, naming the member as the secured party. Members are further required to ensure that the mortgage or other appropriate real property security instrument is enforceable under applicable law, is in the proper form for recording under applicable law, and is properly recorded.

2. Owner-occupied projects

For owner-occupied projects, members are required to execute and record a Retention Vehicle that enumerates the requirements of section 1291.9(a)(7) of the Regulations including:

- a. The Bank or its designee is to be given notice of any sale or refinancing of the unit occurring prior to the end of the retention period;
- b. In the case of a sale (including transfers or assigns) of the unit prior to the end of the retention period, an amount equal to a *pro rata* share of the direct subsidy, reduced for every full month the seller owned the unit, shall be repaid to the Bank from any net gain realized upon the transaction, unless (i) the unit is sold to a very low-, low-, or moderate-income household, (ii) the unit was assisted with a permanent mortgage loan funded by an AHP subsidized advance, or (iii) in the case of the

homeowner's death, the unit is sold, transferred, or assigned to heirs of the homeowner.

- c. In the case of refinancing of the unit prior to the end of the retention period, an amount equal to a *pro rata* share of the direct subsidy, reduced for every full month the household owned the unit, shall be repaid to the Bank from any net gain realized upon the refinancing, unless (i) the unit continues to be subject, for the duration of the retention period, to a deed restriction or other legally enforceable retention agreement or mechanism, or (ii) the unit was assisted with a permanent mortgage loan funded by an AHP subsidized advance.
- d. The obligation to repay an AHP subsidy to the Bank will terminate after any foreclosure. For clarity, this means that the obligation to repay an AHP subsidy will also terminate after transfer by a deed-in-lieu of foreclosure and, with respect to an AHP-assisted home financed with an FHA-insured first mortgage, an assignment of the mortgage to the Secretary of HUD.

Members are further required to ensure the Retention Vehicle is enforceable under applicable law, is in the proper form for recording under applicable law, and is properly recorded. The Bank has provided its preferred forms of Retention Vehicle on its website at www.fhlbc.com.

Members should not secure the subsidy for owner-occupied projects with a mortgage or other real property security instrument.

3. Inception of Retention Period:

- a. For rental projects, the date of project completion will be considered the inception of the fifteen- (15) year retention period. The date of project completion is the later of: 1) the date the project reports an 85% occupancy rate, 2) the date when construction or rehabilitation is complete, or 3) the date of the final disbursement of AHP subsidy.
- b. For owner-occupied projects, the inception of the five- (5) year retention period will begin on the retention agreement execution date.
 - i. For AHP-Assisted Units involving homebuyer acquisitions, the retention agreement execution date must correspond to the closing/settlement date set forth on the final closing disclosure for that unit.
 - ii. For AHP-Assisted Units that do not involve homebuyer acquisition and consist of rehabilitation only, the retention agreement execution date should correspond to the date upon which all rehabilitation work for that unit was completed.

EXHIBIT I

Project Feasibility and Cost Guidelines for the Competitive Program

The Bank has established requirements and guidelines for determining project feasibility and the need for the requested AHP subsidy pursuant to section 1291.5(c)(4) of the Regulations. Project feasibility includes an evaluation of the sponsor’s experience, as well as requirements, such as financing commitments, zoning, and site control, that ensure the project is likely to be completed and occupied. The determination of project feasibility and need for subsidy also include a policy on substantially complete projects and guidelines for developmental and operational feasibility. These guidelines serve as a benchmark for evaluating projects and may be used as a basis for adjusting or rejecting requests for a subsidy in the application, modification, and pre- and post-disbursement stages of a project. Exceptions to these guidelines will be considered by the Bank on a case-by-case basis based on an evaluation of information and supporting data justifying the need for such exception. Bank staff will make recommendations to the Affordable Housing Committee of the Bank’s Board of Directors.

All projects will be evaluated for reasonableness and a need for subsidy. Projects with values outside of the following guidelines must provide an explanation. Additionally, the guidelines for maximum values below will be utilized as a benchmark for determining over-subsidization.

Unless otherwise indicated, the following feasibility guidelines apply to both in-district as well as out-of-district (i.e., not in Illinois or Wisconsin) projects.

All Projects: Project Feasibility

Applicants requesting AHP subsidies pursuant to the Competitive Program must meet the following requirements:

1. Status and Authority of Sponsor
 - a. All sponsor applicants must submit a Certificate of Good Standing or Status (or equivalent) from the state in which the sponsor is incorporated. If the proposed project is located in a state other than the state of sponsor incorporation, a Certificate of Authority (or equivalent) from that state must also be submitted.
 - b. Sponsor applicants attempting Project Sponsorship points should refer to the Guide for Sponsor Applicants for additional documentation requirements.
2. Sponsor Experience
 - a. Sponsors must demonstrate the capacity to fulfill all roles, responsibilities, and obligations throughout the entire AHP retention period. If the sponsor has little or no previous affordable housing development experience, the sponsor and its development and property management team will be evaluated to determine whether adequate development and compliance experience exists to successfully complete the project.

- b. In addition to previous development and management experience, sponsors of previously approved AHP projects will be evaluated on:
 - i. AHP project milestones, including subsidy disbursement, project completion, and timely submission of compliance reporting;
 - ii. Event(s) of non-compliance, including type and frequency of event(s), timeliness of communication by sponsor, and remediation efforts; and,
 - iii. Progress toward meeting project commitments.
3. Committed Financing
 - a. For rental projects utilizing the 9% Low Income Housing Tax Credit (LIHTC): projects without a 9% LIHTC reservation are eligible to submit an AHP application; however, should the application score highly enough to receive an AHP award, such award will be conditioned on the member/sponsor providing evidence of an LIHTC reservation within one year of the AHP award date.
 - b. For rental projects utilizing the 4% LIHTC: the member/sponsor must provide: 1) a bond issuing agency confirmation of intent to issue bonds, 2) an executed letter of interest or intent for the LIHTC equity, and 3) an executed letter of interest or intent to purchase the bonds or facilitate the sale of the bonds, or confirmation from the bond issuing agency that the bonds will be sold through a public offering.
 - c. For rental projects not utilizing the 9% or 4% LIHTC and for all owner-occupied projects: the member/sponsor must provide evidence of committed funding sources, exclusive of any requested AHP, that are $\geq 50\%$ of the total development cost. For projects in which the requested AHP subsidy is $\geq 50\%$ of the total development cost, 100% of the remaining funds must be committed and evidenced.
4. Zoning

Identified sites must be appropriately zoned for the proposed use at the time of application submission. Exceptions may include unidentified sites and projects that have submitted an application to the zoning authority to have the site appropriately zoned for the proposed use.
5. Site Control

Site control is required for all identified sites in all projects. Site control is not required for scattered site single family units that are unidentified at the time of application. Examples of scattered site single family units that are unidentified at the time of application include rental projects utilizing these sites and consumer driven down-payment assistance and owner-occupied rehabilitation projects.

For rental projects, site control must be in the name of an individual or entity that is identified in the ownership organizational chart for the proposed project. For sponsor-driven owner-occupied projects, site control must be in the name of the project sponsor.
6. Substantially Complete Projects

A single-building project is ineligible for AHP subsidy if it has received a certificate of occupancy and/or certificate of substantial rehabilitation on or before June 16, 2017. If it has not received a certificate of occupancy and/or certificate of substantial rehabilitation on or before June 16, 2017, the project is eligible so long as construction work is $\leq 85\%$ complete.

A multiple-building project is ineligible for AHP subsidy if it has received a certificate of occupancy and/or certificate of substantial rehabilitation on or before June 16, 2017 for > 85% of the units. If it has not received a certificate of occupancy and/or certificate of substantial rehabilitation on or before June 16, 2017 for > 85% of the units, the project is eligible so long as construction work is ≤ 85% complete.

For out-of-district projects, Bank staff will apply the development cost-per-unit guidelines determined by the Federal Home Loan Bank for the district where the project is located.

If the adjusted development cost-per-unit exceeds the applicable FHLB guideline, the Bank will further analyze costs using its internal cost model.

EXHIBIT II

Scoring Guidelines

Projects meeting all eligibility requirements will be reviewed and scored based on nine scoring criteria that total 100 points. Each of the nine scoring criteria has been assigned a maximum point value. Fixed-point criteria (*i.e.*, pass/fail) are those that cannot be satisfied in varying degrees (“Fixed”). Applications meeting a fixed-point criterion will receive the maximum number of points allocated to that category. Variable-point criteria are those where there are varying degrees by which an application can satisfy the criteria (“Variable”).

1. USE OF DONATED OR CONVEYED GOVERNMENT-OWNED OR OTHER PROPERTIES | 5 Variable Points

The creation of housing opportunities using a significant proportion, defined as $\geq 20\%$, of:

- (a) Land or units donated or conveyed by the federal government or any agency or instrumentality thereof:
 - 1) 1 point for land or units conveyed, or
 - 2) Up to 5 variable points for land or units donated or conveyed at a discount of $\geq 20\%$ below fair market value; or

- (b) Land or units donated or conveyed by any other party:
 - 1) Up to 5 variable points for land or units donated or conveyed at a discount of $\geq 20\%$ below the fair market value.

Rehabilitation-only projects that do not involve the acquisition of land or units/buildings are not eligible to receive points in this category.

With the exception of the Federal government or any agency or instrumentality thereof, the property must be donated or conveyed by an entity not related to, or affiliated with, the member, sponsor, or owner through ownership or control.

Long-term leases of fifteen (15) years or more with a nominal annual rent payment of no more than \$100 annually qualify as donated.

The formula below must result in ≥ 1.00 in order for applicants to receive a score in this category. For projects with both donated and discounted land and/or units the score will be the sum of the donated and discounted calculations.

Points are awarded based on the following formula:

$$\left[\frac{B}{A} \right] \times 5 = \text{POINT(S)}$$

For land or units donated:

- A = Total number of units or total square feet of land in the project
- B = Number of units or total square feet of land donated to the project

For land or units conveyed at a discount:

- A = Fair market value of total units and/or total square feet of land not donated in the project
- B = Fair market value of total units and/or total square feet of land not donated in the project, less the total amount of conveyance

2. PROJECT SPONSORSHIP | 5 Fixed Points

Rental Projects 5 Fixed Points	
5 points	Sponsor must be a not-for-profit organization, a state or political subdivision of a state, a state housing agency, a local housing authority, a Native American Tribe, an Alaskan Native Village, or the government entity for Native Hawaiian Home Lands, and have an ownership interest that exceeds 50% of the managing member, general partner, or overall property ownership.

Owner-Occupied Projects 5 Fixed Points	
5 points	Sponsor must be a not-for-profit organization, a state or political subdivision of a state, a state housing agency, a local housing authority, a Native American Tribe, an Alaskan Native Village, or the government entity for Native Hawaiian Home Lands, and play at least one integral role in the project by (1) managing the construction or rehabilitation of 100% of the units, or (2) qualifying borrowers and providing or arranging financing for the owners of the owner-occupied units.

3. TARGETING | 20 Variable Points

The Bank will consider the extent to which the project creates housing for very low-, low-, or moderate-income households. For purposes of this scoring criterion, applications for owner-occupied and rental projects will be scored separately. To the extent the applicable formula below returns a negative result, zero points will be awarded in this category. To the extent the applicable formula returns a result greater than 20, the maximum number of points available in this category (*i.e.*, 20) will be awarded.

Rental Projects

Points will be awarded to projects that finance the purchase, construction, and/or rehabilitation of rental housing, of which $\geq 20\%$ of the units in the project will be occupied by very low-income households with incomes $\leq 50\%$ of area median income (“AMI”). For rental projects, units must be retained as affordable for fifteen (15) years.

- a. Rental projects where $\geq 60\%$ of the total units will be occupied by, and affordable to, very low-income households ($\leq 50\%$ of AMI) will receive 20 points.
- b. Rental projects that do not meet the 60% very low-income criteria will be awarded points on a declining scale based on the percentage of units in a project that are reserved for very low-income households and on the percentage of remaining units reserved for moderate-income households. Rental projects will be scored using the following formula:

$$25 \left[\frac{B - (.20(A))}{.80(A)} \right] + 16 \left[\frac{C}{.80(A)} \right] + 8 \left[\frac{D}{.80(A)} \right] + 0 [E] = \text{POINT(S)}$$

Where: A = Total Number of Units

B = Number of Units $\leq 50\%$ of AMI

C = Number of Units $> 50\%$ and $\leq 60\%$ of AMI

D = Number of Units $> 60\%$ and $\leq 80\%$ of AMI

E = Number of Units $> 80\%$ of AMI

Owner-Occupied Projects

Points will be awarded to projects that finance the purchase, construction, and/or rehabilitation of owner-occupied homes for low- and moderate-income households, in that priority order. For owner-occupied projects, incomes cannot exceed 80% of the AMI and units must be retained as affordable for five years.

- a. Owner-occupied projects where $\geq 80\%$ of the total units will be occupied by, and affordable to, low-income households ($\leq 60\%$ of AMI) will receive 20 points.
- b. Owner-occupied projects that do not meet the 80% low-income criteria will be awarded points on a declining scale based on the percentage of units in a project that are reserved for low-income households and on the percentage of remaining units reserved for moderate-income households.

The following formula is used to determine the score:

$$21 \left[\frac{B}{A} \right] + 14 \left[\frac{C}{A} \right] = \text{POINT(S)}$$

Where: A = Total Number of Units

B = Number of Units \leq 60% of AMI

C = Number of Units $>$ 60% and \leq 80% of AMI

4. HOUSING FOR HOMELESS HOUSEHOLDS | 5 Fixed Points

Projects that (1) create rental housing, excluding overnight shelters, reserving 20% of the AHP-assisted units for homeless households, (2) create transitional housing for homeless households permitting a minimum of six (6) months of occupancy, or (3) create permanent owner-occupied housing reserving 20% of the AHP-assisted units for homeless households, are eligible to receive five points.

For purposes of this scoring criterion, homelessness is defined as:

- Individuals and families who lack a fixed, regular, and adequate nighttime residence and includes a subset for an individual who is exiting an institution where s/he resided for ninety (90) days or fewer and who resided in an emergency shelter or a place not meant for human habitation immediately before entering that institution.
- Individuals and families who will imminently lose their primary nighttime residence.
- Unaccompanied youth and families with children and youth who are defined as homeless under other federal statues who do not otherwise qualify as homeless under this definition.
- People who are fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member.

5. PROMOTION OF EMPOWERMENT | 5 Variable Points

Up to five points are available for projects that empower residents by providing housing in combination with the services identified below. Empowerment services are: (1) intended to increase the economic self-sufficiency of a household, and (2) not integral to the operation of the housing. Proposed services must be appropriate for the target population of the housing.

Five points will be given for projects committing to three services from the list below.

Three points will be given for projects committing to two services from the list below.

One point will be given for projects committing to one service from the list below.

Empowerment services eligible for points:

- Employment services (*i.e.*, employment/career counseling, job training and/or placement)

The Standards are available at www.homeownershipstandards.com.
- Post-purchase homeownership counseling that is mandatory for all AHP-assisted homeowners and is delivered by a provider that can evidence full adoption of the counseling standards of the National Industry Standards for Homeownership Education and Counseling. The Standards are available at www.homeownershipstandards.com.

6. DISTRICT PRIORITY 1 | 16 Variable Points

a. SPECIAL NEEDS | 5 Fixed Points

The financing of housing where 20% of the AHP-assisted units are reserved for occupancy by households with special needs are eligible to receive five points.

For purposes of this scoring criterion, special needs populations are defined as individuals with physical, mental, or developmental disabilities.

The individual with the qualifying special need(s) is not required to be the head of the household.

Alternatively, the financing of housing with a proposed scope of work such that the units will be visitable by persons with physical disabilities who are not occupants of such housing qualifies for five points in this scoring criterion. A visitable unit must include these three features: (1) at least one zero-step entrance approached by an accessible route on a firm surface proceeding from a driveway, accessible parking lot, or public streets or sidewalks; (2) doorways that are 32 inches clear throughout the floor plan of the unit; and (3) basic access to at least one half-bath/powder room on the main floor.

Projects subject to the design and construction requirements of the Federal Fair Housing Act are not eligible for visitable points.

The commitment of units in this category may be a combination of those occupied by individuals with special needs and those that are visitable.

b. RURAL HOUSING | 6 Fixed Points

Projects in which 50% of the AHP-assisted units are located in a rural area are eligible for six points.

The Bank's definition of a rural area will be consistent with the Rural Housing Service, U.S. Department of Agriculture definition per 7 C.F.R. § 3550.10. To determine if a particular location is designated as rural, please refer to:

<http://eligibility.sc.egov.usda.gov/eligibility/welcomeAction.do>

7. DISTRICT PRIORITY 2 | 11 Variable Points

a. PROJECT READINESS | 5 Fixed Points

In an effort to resolve the critical shortage of affordable housing in a timely manner, a rental project that demonstrates readiness by providing evidence of committed funding sources, exclusive of requested AHP, that are $\geq 50\%$ of the total development cost is eligible for five points.

b. MEMBER FINANCIAL PARTICIPATION | 6 Variable Points

This scoring criterion measures the extent to which a member or members of the Bank participate(s) **financially** in a project, excluding pass-through of the AHP subsidy. For the purposes of this scoring criterion, eligible financial participation may also be by an entity in which the member has > 50% ownership interest and/or by an entity that has > 50% ownership interest in a member.

Housing Associates of the Bank are not considered members for the purposes of this scoring criterion.

For rental projects, the sum total of a member's or members' financial participation will be used to determine points in this scoring criterion. A member's or members' financial participation in a pooled loan or investment fund is not eligible for consideration.

Sponsor-driven owner-occupied projects are only eligible for points associated with short-term financing (*i.e.*, construction loan or bridge loan).

Rental Projects	
5 points	<p>If a member or members of the Bank provide(s) long-term financing with a minimum term of fifteen (15) years to the project (<i>i.e.</i>, permanent financing, participation in permanent financing, letter of credit for credit enhancement, direct purchase of tax credits, or purchase of tax credits through a proprietary investment fund), the sum total of which constitutes $\geq 10\%$ of total development cost.</p> <p>Projects consisting of rehabilitation-only are eligible to receive points for long-term financing only if a member or members of the Bank commit(s) to provide financing for the proposed rehabilitation $\geq 10\%$ of total development cost.</p>

8. AHP SUBSIDY PER UNIT | 10 Variable Points

The Bank will consider how effectively the project uses AHP subsidy dollars. Scoring is based on the extent to which the project proposes to use the least amount of AHP subsidy per AHP-targeted unit (units $\leq 80\%$ of AMI), *i.e.*:

$$\frac{\text{AHP Subsidy}}{\# \text{ of units } \leq 80\% \text{ AMI}} = \$ \text{ Subsidy per Unit}$$
