

Program Overview

- 1. Purpose:** To provide nonprofit and for-profit organizations grant funds to support career development initiatives for diverse developers of affordable housing in FHLBank Chicago’s district of Illinois and Wisconsin. For this program, our definition of “diverse” refers to any population experiencing inequitable, systemic barriers to entry or career development in the affordable housing industry. We have intentionally kept our definition of “diverse” broad because it is market-specific across the varied communities we serve.
- 2. Allocation:** In 2023, FHLBank Chicago expects to award \$1,000,000 through the Diverse Developer Initiative. The target grant amount is \$50,000 to \$250,000 per beneficiary organization. Requests for other grant amounts will be considered on a case-by-case basis.
- 3. Joint Application:** Organizations seeking funding must partner with an FHLBank Chicago member to submit an application.
