

Purpose

To provide members with deeply discounted advances (initially 0%) for financing eligible small business projects located in low- to moderate-income census tracts within the Federal Home Loan Bank of Chicago's (FHLBank Chicago) district. Eligible advances are priced below the FHLBank Chicago's Community Advance rate.

Program Requirements and Guidelines

- Members' loans must be for eligible small business projects located in Illinois or Wisconsin.
- The application must include documentation verifying the following:
 - Each project qualifies for both indicated beneficiary types (Geographic and Activity Beneficiary).
 - Evidence the interest rate on the underlying loan does not exceed the FHLBank Chicago's established limit of 4.5%.
- The estimated number of jobs created (anticipated) and/or retained (current employees) must be stated in the application.
- If a loan is participated to another institution, the amount of the loan retained by the member applicant is eligible for the discounted rate.
- Limits apply to the amount of outstanding Community Small Business Advances:
 - The overall program limit is \$10,000,000 in interest rate subsidy with a \$500,000 individual member limit.
 - Subsidy is available on a first-come first-served basis.
 - The subsidy will be calculated based on the applicable Community Advance rate in effect on the day of application approval.
 - Community Small Business Advances do not impact limits associated with other Community Advance programs.
- The interest rate charged to the member's customer for the underlying loan will be limited to up to 4.5%.
- The advance is considered a match funding to an individual underlying loan. Portfolios are not eligible — one loan per application.
- Members will submit an application for an initial advance reserve approval followed by certification of compliance at advance draw.

Advance Structure

- Zero-percent (0%) interest rate advance available to a member with limited pass-through interest rate of up to 4.5% to member's borrower (underlying loan).

- The underlying member loan can not be greater than 90 days old at the time of the advance draw.
- The advance is subject to standard capital stock and collateral requirements.
- The member will be required to repay the advance when the underlying loan is prepaid by their customer, participated, or syndicated. No pre-payment fee (penalty and fees may apply — see Compliance below for additional details).
